

150 Young Salisbury University Students Needed

If you are a Salisbury University student and you are 18, 19, or 20, please assist us and take our online survey. The survey is part of an IRB-approved research study that will help us establish the quality of an “Adolescent Screening Inventory,” an assessment tool designed to identify young persons at risk for substance abuse.

The survey will take 30 to 45 minutes and your responses will be completely anonymous.

Pizza will be served and those who complete the survey will also receive a \$10 gift coupon for Dunkin Donuts.

Join us at any of the survey administration sessions in the Teacher Education Technology Center (TETC) listed below. Tell your friends too.
